WARRANT

State of New Hampshire

To the Inhabitants of the Town of Hinsdale
Qualified to vote in town affairs.

You are hereby notified to meet at the Town Hall on Tuesday, the eleventh day of March 1924, at nine of the clock in the forenoon to act on the following subjects:

Article 1. To choose a Town Clerk for the ensuing year.

Article 2 To see if the town will vote to accept and adopt the report ot the Selectmen, Auditors and other town officers.

Article 3. To choose a member of the Board of Selectmen for the ensuing three years.

Article 4. To choose all other necessary town officers and agents for the ensuing year.

Article 5. To see how much money the town will vote to raise and appropriate for the payment of ordinary town charges, for the support of the poor, for the maintenance of the fire department, for the lighting of streets and for all other necessary expenses arising within the town.

Article 6. To see if the town will vote to raise and appropriate the sum of three thoudollars ($3000) for the trunk line maintenance, and twenty-seven hundred fifty dollars ($2750) for state aid maintenance.

Article 7. To see if the town will vote to accept state aid construction and raise and appropriate money for same, or act in any manner thereon.

Article 8 To see if the town will vote to raise and appropriate the sum of one thousand dollars ($1000) for repairing the Chesterfield Road.

Article 9. To see if the town will vote to raise and appropriate the sum of one thousand dollars ($1000) to harden the Monument Road east of Henry Streeter's, or act in any manner thereon.

Article 10. To see if the town will vote to raise and appropriate the sum of fifteen hundred dollars ($1500) to aid the American Red Cross to support and maintain a nurse in said town during the ensuing year.

Article 11. To see what action the town will take to meet and pay the sidewalk notes.

Article 12. To see if the town will vote to accept the gift of the site known as the Baptist Church property for the purpose of erecting a public library building or act thereon.

WILLIS D. STEARNS

Article 14. To see if the town will vote to raise and appropriate the sum of four hundred dollars ($400) for the purpose of controlling the White Pine Blister Rust, or act thereon.

Article 15. To see if the town will vote to raise the sum of four thousand dollars ($4000) for the purchase of a fire truck or act in any manner thereon.

Article 16. To see if the town will vote to place and maintain a street light on High Street opposite the North-west corner of the High School, or act thereon.

Article 17. To see if the town will vote to place and maintain a street light in the rear of the Holman Machine Shop at the foot bridge over the canal or act in any manner thereon.

Article 7. To see if the town will vote to accept state aid construction and raise and appropriate money for same, or act in any manner thereon.

Article 8 To see if the town will vote to raise and appropriate the sum of one thousand dollars ($1000) for repairing the Chesterfield Road.

Article 20. To see if the town will vote to raise and appropriate a sufficient sum of money for the purpose of extending the sidewalk on

Brattleboro Street from the Julius Martin place to a point opposite the Plain Road, or act in any manner thereon.

Article 21. To see if the town will make suitable provision for the care of the water from the lands Higgins and Hanrahan, bordering the old Stage Road or act in any manner thereon.

Article 22. To transact any business that may legally come before said meeting.

Given under our hands and seal in said Hinsdale the twenty-third of February, A.D. 1924.

REPORT OF THE CHAIRMAN OF THE NURSING COMMITTEE

To the selectmen and citizens of the town of Hinsdale:

Four years of nurse supervision in the schools are beginning to show improvement in the general health of the children. In throat trouble and defective teeth, much gain has been made.

Miss M. J. Barron, R.N., who came to us November, 1921, sent in her resignation in October to take effect November, 1923, having decided to do private nursing. In October she accompanied seven children to the Melrose Hospital, and one to the Memorial Hospital for throat operations.

Miss Ruth S. Langille, R.N., graduate of the Wesson Memorial Hospital and the Wesson Maternity Hospital at Springfield, Mass., in June, 1921, and who had done private nursing in the meantime, took up the work November, 1923, and has proved very satisfactory.

Those who had become very much interested in the case of Jennie Bishop were disappointed when the child and her family decided not to keep up the treatment prescribed by the Children's Hospital at Boston.

The school inspection has been finished with the exception of the Junior High and the Freshman class.

Many more visits have been made this year by the nurse than in former years. One hundred and seventy-nine visits were made in the month of January.

The Red Cross Headquarters are now in the Kimball Block with telephone connection 78-12.

The committee was much pleased at the February meeting to receive a check of $25.00 from the Hinsdale Fire Department to be used to buy supplies for the "Loan Closet" and for which they were very grateful.

Respectfully submitted,

EVA N. FAY,
Chairman of the Nursing Committee,

February 7, 1924.

LIBRARY REPORT

The following report of the Hinsdale Public Library and Reading Room is hereby submitted:

Total circulation for the year	16,066
Adult fiction	7,758
Adult non-fiction	972
Juvenile fiction	3,481
Juvenile non-fiction	2,231
Magazines	1,624
Largest monthly circulation, January	1,663
Smallest monthly circulation, May	1,102
Average daily circulation	55
Per cent of fiction	76
Volumes added by purchase	210
Books presented	332
Reading Room attendance	6,112
Average	21

The total circulation of books for the year of 1923 shows an increase of 1,225 books. This large increase is partly due to the fact that in January, 1923, after the fire, the library was closed twenty week-days, whereas, in October, when the books were moved back to the Town Hall, it was closed only nine days. The attendance in the reading room shows an increase of 571. This may be due to the fact that the reading room has two new reading lamps, which are a decided improvement over the old chandelier.

The circulation of juvenile non-fiction exceeds that of the previous year by 1,216 volumes. The library con-

ducted a Vacation Reading Club for boys and girls during the summer. Thirteen children completed the course and were given books as prizes.

Good Book Week was observed by poster and book exhibits in the library; also by a book exhibit in the store window of C. A. Holland & Son, of some of the new children's books being added to the library.

The library has been fortunate in receiving many books by gift this past year. Some of these were given by patrons of the library, but 326 of them were given by the Forest Park Branch of the City Library Association of Springfield, Mass. These books are discards from their shelves, but are in very good condition, and have been much appreciated by library patrons.

From the last of January, 1923, to the first of October, the library was located in the basement of the Baptist Church. Beginning with the second day of October, the library was closed for nine days, while the books were moved to the room in the Town Hall, and arranged on the shelves.

Petty cash in the hands of the librarian is as follows:

Balance on hand Feb. 1, 1923	$72.50	
Received from fines and old papers	40.44	
		$112.94
Expended for supplies, expenses, etc.	$64.63	
Balance on hand	48.31	
		$112.94

Unexpended funds consisting of the Hooker fund, Althea Stearns, Abbot Jones funds, and interest on the Annie E. Amidon fund $752.43.

FREDERICK S. LEONARD,
M. E. Fisher,
L. J. Davis,
Library Committee,
HILDA M. SAWYER,
Librarian.

STATE OF NEW HAMPSHIRE

To the Inhabitants of the School District of the town of Hinsdale, Qualified to vote in District Affairs:

You are hereby notified to meet at the Town Hall in said District on Saturday, the 15th day of March, 1924, at three o'clock in the afternoon to act on the following subjects:

Article 1. To choose a moderator for the ensuing year.

Article 2. To choose a clerk for the ensuing year.

Article 3. To choose a treasurer for the ensuing year.

Article 4. To choose a member of the Board of Education for the ensuing three years.

Article 5. To hear the reports of agents, auditors, or officers heretofore chosen, and pass any vote in relation thereto.

Article 6. To see how much money the district will vote to raise and appropriate for the support of the schools for the ensuing year, in addition to the amount required by law.

Article 7. To transact any other business that may properly come before said meeting.

Given under our hands and seal, in said Hinsdale, this the 15th day of February, A. D., 1924.

M. D. WHITE,
JESSE W. FIELD,
L. JEANETTE DAVIS,
Board of Education.

A true copy of warrent. Attest:

M. D. WHITE,
JESSE W. FIELD,
L. JEANETTE DAVIS,
Board of Education.

JOHN E. SCOTT,
Town Auditor.

ESTIMATED EXPENSES FOR THE YEAR ENDING JUNE 30, 1925

High school teachers, senior and junior high	$8,500.00
Elementary school teachers	7,500.00
Special teachers, music, drawing, manual training	700.00
Payment on note and interest	2,500.00
Books	700.00
Supplies	1,100.00
Supplies for music, drawing, manual training and domestic science	600.00
Fuel	1,500.00
Miscellaneous	3,000.00
Medical inspection	150.00
Repairs	1,000.00
Officers	350.00
Superintendent by state law	700.00
Superintendent, extra salary and expense	270.00
	$28,570.00
Estimated expenses of school bills which are payable year ending June 30, 1924	1,500.00
	$30,070.00

ASSETS

Required by law	$12,821.75
Required by law, superintendent	700.00
Balance to raise and appropriate	16,548.25
	$30,070.00

Respectfully submitted,

M. D. White,

Chairman.

Year ending June 30, 1924

You will notice in the estimated expenses that the Board of Education asks for $1,500.00, for bills which will be payable before June 30, 1924.

This is necessary as it has been caused by unforeseen expenses. The Board of Education must make estimates in the month of February for the year's expenses, which do not commence until the next July. For example, we make estimates in February, 1924, for the year beginning July 1, 1924, and ending June 30, 1925; and during this time prices may vary or some emergency may arise.

Respectfully submitted,

M. D. WHITE

Chairman.

Year ending June 30, 1924

HEADMASTER'S REPORT

To the Superintendent and Board of Education of Hinsdale, N. H.:

The principal of the Hinsdale High School submits the following report of his school.

The total enrollment of the Senior High School at the present time is 51. The per centum of attendance up to the time of this report has been 97.2.

The total enrollment of the Junior High School at the present time is 50, with a per centum of attendance equal to 94.9. A comparison of these figures will show that the parents of children in the Junior High School should make every effort to have them attend regularly whenever possible.

Pupils who deserve special mention for having maintained a perfect record of attendance are the following:

JUNIOR HIGH SCHOOL

Hattie Freeman
Dexter Royce
Marshall Hudson
Raymond Royce
Robert Woodard

SENIOR HIGH SCHOOL

Charles Beals
Alice Butler
Joseph Buraczynski
Ruth Colton
Hortense Cutler
Priscilla Fay
Lewis Howe
Thomas Golden
Louise Martin
Helen Place
George Rouillard
Doris Roberts
Esther Smith
Iris Streeter
Stephen Saikoski
Margaret Wilkins

Richard Laffond
Maxine Lockwood
Julia Zavorotny
Annie Zavorotny
Peter Zavorotny

This year we have an approved Junior-Senior High School. This was made possible by the division of the old seventh and eighth grade room and the addition of another teacher. This has also made possible the addition of several new subjects in the Senior High School, allowing the pupils more choice in the subjects to be pursued. The wisdom of this change ought to become more apparent each year.

The social activities of the school have been maintained as far as possible. The senior class, with the aid of a few outsiders, presented a farce comedy, with good success, both in Hinsdale and Northfield.

The high standards of the school have been maintained and during the year we have been added to the approved list of Simmons College through the entrance of Miss Sybil Stearns.

The principal wishes to thank all who made possible the installation of the new chemistry table and remodeling the laboratory. A visit to the laboratory when classes are in progress is evidence of the value of the expenditure. Special credit should be given to Mr. Elon Heald for the good work being done in the Manual Training room this year. The principal wishes to thank all those who have so kindly supported him and his teachers in the school work the past year.

Respectfully submitted,

WILFRED G. BODINE.

REPORT OF THE SUPERINTENDENT OF SCHOOLS

To the Board of Education and Citizens:

I herein present my third annual report as superintendent of schools.

First I want to submit a summary of the educational results achieved during my regime as a direct result of the new plan of school organization and supervision inaugurated early in the school year of 1921-22. For two years and a half the Board of Education, teachers, and the majority of the citizens have generously supported me in a program which has involved considerable expense and some radical changes in teaching material and methods of teaching and administration. A main feature of the scheme is a system of educational accounting whereby we can show at any time whether or not any individual pupil, class, or the school system as a whole is working up to normal capacity. It now devolves upon me, as superintendent of your most important local industry, to submit a sort of balance sheet, so to speak, showing whether our school plants are being profitably operated educationally, and whether or not the increase in efficiency of the schools directly due to recent innovations is sufficient to justify the expenditure involved.

The following table gives the facts and figures. All the figures are percentages. A plus sign means above standard and a minus sign means below standard. For

instance, the table shows that the schools averaged 28% below grade in Sept., 1921, in reading, and that they averaged 23.3% above grade in the same subject in June, 1923. By standard, we mean the average for the country as a whole in the same subjects when measured by the same tests. This table really compares the efficiency of our schools with those of the rest of the nation at three different periods: Sept., 1921, when the plan first went into operation; June, 1922, at the end of the first year; and, June, 1923, the end of the second year.

	September 1921	June 1922	June 1923
Reading	—28.0%	3.4%	23.3%
Addition	— 6.0	17.0	20.6
Subtraction	—19.0	— 4.0	14.0
Multiplication	— 7.0	12.0	18.7
Division	—25.0	1.8	10.0
Problem Solving in Arithmetic	—22.0	— 4.8	9.5
Spelling	—26.7	—11.3	15.0
Speed of Handwriting	—32.0	8.2	16.0
Quality of Handwriting	—10.0	—23.8	— 3.5
English Language	—46.0	—13.0	19.8
Geography	—34.0	—18.0	13.4
History	—43.0	—21.0	— 2.0

Average per cent schools were below grade in Sept., 1921	24.9
Average per cent schools were below grade in June, 1922	4.5
Average per cent gained first year	20.4

Average per cent schools were above grade in June, 1923 12.9
Average per cent gained in two years 37.8

This means that the schools of the district averaged 24.9% below the average for the nation in Sept., 1921. In June, 1923, they averaged 12.9% above the average for the nation. That is a total increase in school efficiency of 37.8% in two years, brought about directly by the new system of organization and control. The entire cost of the tests and accessory material for the two years has been considerably less than 2% of the total cost of running the schools during that time. In other words, there has been an increase of approximately 38% in the efficiency of the schools at an increase in running expenses of less than two per cent. This is an emphatic answer to the question, "Does it pay?" Most businesses would, I think, consider that an increase in product or sales of 38% with an increased overhead of less than two per cent, was a paying proposition. Of course the use of an educational "cost accounting" system in school work has not lessened the amount of money paid for education, but it has enabled us to accomplish much more with approximately the same amount of money.

The schools at present are in excellent condition from the standpoint of teaching and learning efficiency. The teaching force is the same as last year with the following exceptions:

Miss Gertrude McCormick succeeded Miss Mildred Pearson as teacher in the fifth grade. Miss Catherine Blondin succeeded Miss Bailey as teacher of Latin and

French in the High School. Miss Marie Mannis succeeded Miss Mary Turner at the Monument School.

The seventh and eighth grades, having become too large to be handled profitably by a single teacher, were separated and another teacher hired, Miss Shorey. This additional teacher not only enables better work to be done in these grades but also changes the Junior-Senior High School from a partially crippled organization unable to obtain the approval of the State Board of Education as such, to an efficiently functioning institution fully meeting the demands for State approval.

We now have fairly complete departmentalization in the High School work. That is, each teacher is a specialist in his or her line of work. The Headmaster, Mr. Bodine, teaches advanced science and mathematics; Miss Shorey, elementary science and mathematics; Miss Raymond, English; Miss Blondin, foreign languages; Miss Sheehan, History and allied subjects; Miss Hoeh, Domestic Arts; Mr. Heald, Manual Arts. In this way each teacher teaches only the subject or subjects she likes best and which she is best fitted by training and experience to teach. This cannot help but make for efficiency.

Among other outstanding improvements for the year is the rearranging of the science laboratory at the High School and the installation of a fine new chemistry table. This doubles the capacity of the room and obviates the necessity of handling the large science classes in two divisions each, thereby cutting the teaching cost of science in half. Also, several new work benches have been

added to the manual training room to take care of the larger classes in this department. One of the downstairs rooms in the High School building was divided in two by a partition in order to permit the separation of the seventh and eighth grades. The painting of the High School building adds greatly to its appearance.

All the school buildings are in reasonably good condition, kept so by the watchful care of the Board of Education.

In closing, I want to make an appeal to the parents for more regular attendance of their children at school. Of course children should not be sent to school when they are really ill, or when they have to walk a long distance to school and the weather is such as to really endanger their health. But they should not be kept from school or permitted to stay out for any other reasons. Some parents either do not care, or do not seem to realize, the disastrous effect of irregular attendance on the success of their children's work at school. When a child is absent, his classmates go on with the work. If he is absent three or four days or a week, they get considerably ahead of him, so that he finds it difficult, or even impossible, to catch up with them when he gets back. Under these circumstances he often becomes discouraged and gives up trying, with the result that he fails of promotion. It is useless to say that it is the teacher's business to help him catch up. At the most it is her duty only so far as she is able to do it without neglecting the advancement of the class as a whole. Her first duty is to the class rather than any particular

pupil. The teacher with thirty or forty pupils in her charge has little time or opportunity to help laggard truants catch up with their classes. The child who loses as much as two or three weeks of time out of the school year, seriously injures his chance of promotion and sometimes makes promotion impossible. In the great majority of cases it is useless to promote pupils until they have completed the work of their grade, and this they cannot do and be absent from school a good part of the time. Many times the teacher or superintendent is blamed because children are not promoted at the end of the school year when in reality the blame rests entirely with the parents for not seeing to it that their children attend school regularly. Let us cooperate in this matter for the best good of all concerned.

With thanks for your continued confidence and support, this report is respectfully submitted.

SAMUEL S. BROOKS,

Superintendent of Schools.

Note.—The brevity of this report and the omission of the usual Rolls of Honor and statistics of attendance for the various schools are due to the fact that my original report was lost in the mails and this one written very hurriedly at the last minute when the time was extremely short.—S. S. B.
